Biotrin International Ltd. Dublin, Ireland. 30th June 2009

Biotrin Customer Care introduce new online Support form

The Biotrin Customer Care Team, dedicated to responding to technical enquiries and observations, has been in place since 2007.

To demonstrate our commitment to improving this service we have made the Customer Care Team more accessible through the introduction of an on-line enquiry form as well as introducing a dedicated Skype account.

The Biotrin Customer Care Team is always ready to answer your technical questions and we are confident that the introduction of these two new methods of contact will be of great benefit to end-users requesting our assistance.

Gemma Lennon
Customer Care Executive
